

Gain Important Skills to Support Students' Hearing and Learning at Your School

Self-paced e-learning and instructor led modules booklet

Hearing Australia offers all primary school staff the chance to learn about ear health and hearing. Access these valuable sessions now online.

Select Your Modules

Choose from four mini modules. Find the modules that best suit your needs. Review the Learning Outcomes below for each module.

1 Cultural Determinants of Health

Explain the cultural determinants of health and the impacts on ear disease and hearing loss.

- Understand the differences between cultural safety and cultural awareness.
- Recognise the cultural determinants of health for Aboriginal and Torres Strait Islander peoples.

Australian Institute for Teaching and School Leadership Standard

1. Know students and how they learn
- 1.4 Strategies for teaching Aboriginal and Torres Strait Islander students.

Duration

Self-paced e-learning: 20 mins

Instructor led: 30 mins

Access Now

*Instructor led sessions are available by request. A minimum of 4 people per service is required. Contact Learning@hearing.com.au to organise a live, instructor led session for your service.

2 Understanding Ear Health and Hearing

Understand hearing loss and identify the impacts of ear disease and hearing loss on education outcomes.

- Explain otitis media, hearing loss, conductive hearing loss and its causes.
- Recognise how ear disease and hearing loss impact a student's learning, behaviour, and educational outcomes.

Australian Institute for Teaching and School Leadership Standard

1. Know students and how they learn
 - 1.1 Physical, social, and intellectual development and characteristics of students.

Duration

Self-paced e-learning: 45 mins

Instructor led: 45 mins

Access Now

*Instructor led sessions are available by request. A minimum of 4 people per service is required. Contact Learning@hearing.com.au to organise a live, instructor led session for your service.

3 Prevention and Service Modifications

Modify the learning environment to support ear health and improve hearing, listening and communication.

- Implement prevention techniques into your school and daily practice.
- Identify and implement techniques to improve classroom acoustics and reduce background noise.
- Implement hearing and listening friendly communication strategies in the early learning environment.

Australian Institute for Teaching and School Leadership Standard

1. Know students and how they learn
 - 1.6 Strategies to support full participation of students with disability
3. Plan for and implement effective teaching and learning
 - 3.3 Use teaching strategies
 - 3.5 Use effective classroom communication
4. Create and maintain support and safe learning environments
 - 4.1 Support student participation

Duration

Self-paced e-learning: 35 mins

Instructor led: 45 mins

Access Now

*Instructor led sessions are available by request. A minimum of 4 people per service is required. Contact Learning@hearing.com.au to organise a live, instructor led session for your service.

How Will You Benefit from Engaging with These Modules?

Identify Hearing Health Challenges

Gain an increased awareness and ability to recognise hearing and listening problems in students.

Implement Strategies to Address Hearing Health Challenges

Learn practical tips to apply to the classroom that support listening, hearing and communication for all students, helping them to thrive.

Link to Regulations and Standards

Meet your requirements under the Disability Standards for Education.
